better tasting pork

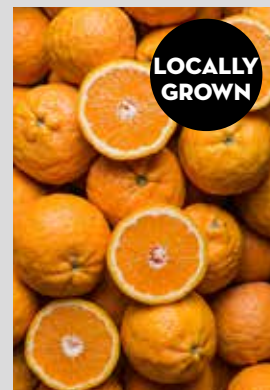

Founded in 1875 in Colorado, the fifth generation of the Coleman family works with a group of American farmers to bring you a superior pork. It's tender and boasts excellent flavor and juiciness thanks to a meticulous air-chilled process. And, because it has not been processed with water, it cooks more quickly. It also is American Humane Certified, antibiotic-free, hormone-free*, and never frozen.

*Federal regulations prohibit the use of hormones.
